Olives on the grass  
falling like diamonds falling  
I see your broken hands  
Holding onto things that you can't keep holding

Like flowers, lightly purple, fading to white, and green leaves  
The tastes on your tongue  
that you taste and then they simply fade  
The sunset going down  
The sunrise going up  
in the cycle

Moonlight on the lizard  
Sunlight on the bat

I want to run outside but I'm terrified  
I feel so alive when I'm looking fine  
Maybe if I had some extra coffee and time  
Everything would be all right

Moonlight on the lizard  
Sunlight on the bat

Everything you see isn't up to me  
I'm just a simple man with a simple plan  
I gotta get away from my vices before they trap me under the ice-ness

Let me go, I feel too held

I slipping down

It will draw near to you, covered in flowers and dew

Then in shrugged its bounds, and flooded all my darkness with sounds

The liminal triangle molted a cheerful grin

Begs of cogs, whose voice had rung within

with tufts of grass earmarking the edge of thee

The 3 ends they occupy, elusively

How are you Is everything Cool With you Oh... ok  
Inject some cardinal cards into my house  
We are wide awake now.  
Infectious jokes told roll out through the crowd

I've given my 32 reasons, the dinner scent drifts through the seasons  
The spice on my palate is the cure for today. (ok?)

Any way you lift my head up,  
any way you hold my hand, love,  
it's giving me the help that I need  
It's giving me the hope that I see  
it's giving me the faith - I believe  
It's showing me the way to proceed.

Let me have the keys to the kingdom in my hand  
I don't need to wait for anything  
The future could become what I make of it.

I've given my 32 reasons, the dinner scent drifts through the seasons  
The spice on my palate is the cure for today. (ok?)

it was longrange, Time, pissing from their graves? 'Mrs him hinted to the~ Marionetta  
scarves - with a word to a hatchery on the right or west of it, The poor man would live to  
draw no more than a relief I bet

"Wind blows through the space where he could only see vaguely, but there had come to  
be no harm.

'Unless the tribe itself, controlled by a leathery square-cornered table on which we  
suspended our yarn.

feeling grateful in the chat  
all is maple - all is fat

open the door and find yourself abandoned by life —  
obscenities lashed together with some time  
obscenities lashed together with some time

The next day, sickness isolated our stay  
locked in the house; my teeth and my hair falling out

I've struggled to embroil  
I'm novelistic with my dues and toil  
My path is near a likely shot's glance  
It's the divinity's light evening dance

pry into the overtones  
you may have been lilac
